Program Overview
Talent is an organization’s biggest asset, and developing a consistent and comprehensive approach to maximizing the potential of this asset has never been more critical. Through this course, you will create a thoroughly defined road map to build your strategy design team, secure buy-in, and hold critical discussions about the future of talent in your organization. In addition, by interacting with other HR professionals and senior leaders in attendance, you will learn how to develop and execute a comprehensive people strategy.

The course dives into the four components of a well-rounded HR strategy: Accelerate Performance, Champion Culture, Maximize Talent and Optimize Intelligence. Your expert facilitator will guide you through current talent trends and foster discussion on how trend responsiveness will support your organization.
